Why would I choose JAR Mechanical LTD commercial central heating London ?

An advantage of having your heating installed by a major company such as JAR Mechanical LTD is that you can be very confident that they will still be **installing commercial boilers** in many years to come and hence available to help you should there be a problem. If you select a smaller independent boiler installer you may get excellent service or you may be unlucky and choose a small operation which is not serving customers next year.

As a yardstick, prior to selecting your preferred boiler installer, check out the following standards which are a fundamental part of a JAR Mechanical LTD supplied boiler and commercial central

heating London system.

- All JAR Mechanical LTD commercial central heating London boiler installers are Gas Safe registered

- Before JAR Mechanical LTD install your boiler they will use dustsheets to protect your home and take all their rubbish away with them at the end of the day – including your old boiler if you want to give it the best start
- Your replacement commercial central heating London system will be guaranteed by them for up to 5 years
- JAR Mechanical LTD engineers can maintain your gas commercial central heating London system 24 hours a day, 365 days a year and you can book a service to suit you including evenings and weekends
- They carry out commercial central heating London repairs every day of the year, including public holidays
- Their boiler service engineers carry out a 30 point health check when servicing your boiler to keep it safe and efficient for the next 12 months
- JAR Mechanical LTD 'A' rated commercial central heating London System boilers employ the very latest energy-saving designs to allow you to save on fuel bills year after year.
- You can pay by flexible payment options to help you get the commercial central heating London boiler that you want.
