The link below is why I have an objection;

£ and why I will continue to object until the council finally do something about the parking issues in Fareham Park Road.

The council think it's ok to add even more vehicles to over saturated area whilst continually telling residents and business owners there isn't a parking issue! It's a pretty safe bet it would never be allowed to happen on their doorsteps!

As I have suggested multiple times before when I've lodged an objection

£

, it might also be an idea to

so you can see how bad it is further down

the road,

!

Digging and building in the area always causes the rat infestation,

, to

increase even further as well.
