

Dear TEAM Charter Community,

As you know, our country has experienced another traumatic incident, a shooting on the campus of Robb Elementary School in Texas. Too many innocent lives have been lost to this type of violence.

It is difficult to comprehend such catastrophic events. It is particularly difficult to talk to children and students about these incidents, which is why we are providing the following resources:

- [Helping your children manage distress in the aftermath of a shooting](#)
- [How to Talk to Kids About School Shootings | Common Sense Media](#)
- [Talking to Children About Violence: Tips for Parents and Teachers](#)

One school shooting is too many. Yet again, we find ourselves grieving for those lost in the wake of another campus shooting. Our educators should be able to provide the opportunity of an education, and our children should be able to learn in a safe and nurturing environment. We are striving to do that at TEAM, but we understand it will take a collective voice to bring these tragedies to the forefront and help stop the violence and the devastating loss of life.

Sincerely,
Deborah Vallejo
Executive Director

Estimada comunidad de TEAM Charter,

Como saben, nuestro país ha experimentado otro incidente traumático, un tiroteo en el campus de la Escuela Primaria Robb en Texas. Demasiadas vidas inocentes se han perdido por este tipo de violencia.

Es difícil comprender eventos tan catastróficos. Es particularmente difícil hablar con niños y estudiantes sobre estos incidentes, por lo que proporcionamos los siguientes recursos:

- [Helping your children manage distress in the aftermath of a shooting](#)
- [How to Talk to Kids About School Shootings | Common Sense Media](#)
- [Talking to Children About Violence: Tips for Parents and Teachers](#)

Un tiroteo en la escuela es demasiado. Una vez más, nos encontramos afligidos por las personas perdidas tras otro tiroteo en el campus. Nuestros educadores deben poder brindar la oportunidad de una educación, y nuestros niños deben poder aprender en un entorno seguro y enriquecedor. Nos esforzamos por hacer eso en TEAM, pero entendemos que se necesitará una voz colectiva para traer estas tragedias al frente y ayudar a detener la violencia y la devastadora pérdida de vidas.

Sinceramente,
Deborah Vallejo
Directora Ejecutiva
