

Plastic Deep Treatment Lotion

Description

This lotion cleans, maintains and protects all interior plastic components and freshens them up again. Penetrates deep into the material, gives a silky matt shine, has an antistatic and dirt-repellent effect and thus guarantees reliable long-term protection. Contains silicone.

Properties

- protects and cares for all plastics
- repels dust, dirt and water
- simple to use
- produces a matt-silk deep sheen

Color / appearance	white
Viscosity at 40 °C	14,24 mm ² /s DIN 51562
Flash point	>61 °C DIN ISO 2592
Form	viscous liquid
Base	treatment preparation, silicones
Density at 20 °C	0,96 g/cm ³ DIN 51757
Odor	mild
pH value	7,6 (20°C)

Areas of application

For all plastic surfaces in the vehicle interior. Particularly well-suited for small components and vertical locations.

Application

1. Treat heavily contaminated parts with Car Interior Cleaner beforehand. 2. Shake well before use. 3. Then apply with a Microfiber Cloth (part no. 1651) or a soft cloth and rub in lightly. 4. If necessary, rub again using a dry cloth. 5. Repeat the process until the desired result has been achieved. Note: Always treat the entire component!
