

ISACA SA Chapter Annual Hybrid Members Awards 2022

Introduction

The ISACA South Africa Awards are the highest honours bestowed by the Chapter on individuals in the appreciation of their active roles in the field of technology, information and cyber security, governance, risk and innovation in South Africa. The purpose of the awards is to:

- Recognise and reward excellence and professionalism in these fields;
- Attract and retain high calibre individuals in the profession; and
- Motivate members towards innovation and continuous improvement.

Blecher Innovation Award.

The Blecher Innovation Award is provided to an individual and/or organisation that has developed fresh new insights, developments, tools or techniques to promote the field of IS risk management, audit & assurance, governance, security and cybersecurity.

Hayden Leadership Award

The Hayden Leadership Award is provided to an individual who champions strategic leadership, development and relevance within the field of technology, information and cyber security, governance, risk and innovation:

- Inspiring and encouraging others personally and professionally;
- Promoting training and development in others;
- Growing the industry/community;
- Creating a culture of respect that fosters an atmosphere conducive to achievement; and
- Leading in a socially responsible manner.

Young Professional of the Year Award

The Young Professional of the Year Award is provided to an individual who is 35 years of age or younger; and who demonstrates passion, growth, a desire to learn and commitment to professional development in our fields of interest.

Zororo Excellence Award

The Zororo Excellence Award is provided to an individual and/or organisation that is dedicated to and has effectively and efficiently promoted the field of IS risk management, audit & assurance, governance, security and cybersecurity. It is intended for achievement that exceeds the norm.

Contribution Award

The Contribution Award is provided to an individual and/or organisation that has made a solid/significant contribution to research, education, publications, or other developments and activities in the field of IS risk management, audit & assurance, governance, security and cybersecurity. The nominee regularly attends/assists as a volunteer in the activities of the ISACA South Africa Chapter and/or ISACA International.

President's Award

The President's Award recipient is selected solely by the ISACA South Africa Chapter President and is presented for gratitude and dedication to service and leadership with regards to the field of IS risk management, audit & assurance, governance, security, and cybersecurity in South Africa.
