

# Lil Durk - Home Body Lyrics

DY Krazy

Diamond around

Baby when I smash you, put your back in it  
Get that first nut, then I'm back in it  
Can you go deep? You keep asking it  
Don't take a whole Perc, she want half of it  
Drug sex, drug sex, yeah yeah  
Rich sex, rich sex, yeah yeah  
I know you nasty  
She be touchin' on her own body

Don't like no outside bitch, I like a home body  
First time me fuckin', I told nobody  
Thought she was a Pretty Ricky bih, but she like Yo Gotti  
Thinking she a pretty decent bitch, but she a hoe probably  
A trip from LAX, she took some coke, probably  
Wait 'til we leave Dubai, then show her Coke body  
Drug sex, I might fuck her off a Xanax  
Stay woke, you can't take it, I'm not in yet  
That rough sex get her goin'  
You not gon' tell me 'bout no baby 'til you showin'  
I got a lil' hoe at V-Live  
She got her butt tatted on each side  
I like her, she a boss and she don't D ride  
And I wear the pants, she don't decide  
Don't talk about your ex, you know he mad  
Bad bitch, you conceited

Baby when I smash you, put your back in it  
Get that first nut, then I'm back in it  
Can you go deep? You keep asking it  
Don't take a whole Perc, she want half of it  
Drug sex, drug sex, yeah yeah  
Rich sex, rich sex, yeah yeah

I know you nasty  
She be touchin' on her own body

You my bitch, I can't share you with nobody (yeah)  
My whip's just like my women 'cause they all exotic (exotic)  
We been fuckin' for a year, they still don't know about it (don't know about it)  
All the flights are private, got a personal pilot (personal pilot)  
Put my dick, I let her ride it, gotta go deep inside (deep inside)  
Pussy wetter than a Patek, it's drippin' off her body (drippin' off your body)  
Turn the cameras on my neck, you think a light done blind you (light don't blind you)  
Pushin' a three star penthouse suite but can't nobody find you (can't nobody find you)  
She text her love, havin' drug sex, yeah yeah (yeah yeah)  
Percocet, Perc-o-sex, yeah yeah (Perc-o-sex)  
Suckin' dick with no hands (with no hands, yeah)  
Use no hands if you callin' him, yeah yeah

I see you yellin' out my name but you ain't sayin' shit  
No, you ain't sayin' shit, you don't know who you playin' with (oh, no)  
I might die up in that pussy, I might overdose (yeah)  
And you know I'm ridin' with you 'cause we hella close (yeah)  
Got the baddest bitch in it, I don't mean to boast (yeah)  
Champagne every day, we don't need to toast (yeah)  
A young nigga stayin' solid, I don't do the most (no, no)  
So baby fuck me good before I go ghost (woo)

Baby when I smash you, put your back in it  
Get that first nut, then I'm back in it  
Can you go deep? You keep asking it  
Don't take a whole Perc, she want half of it  
Drug sex, drug sex, yeah yeah  
Rich sex, rich sex, yeah yeah  
I know you nasty  
She be touchin' on her own body
