

Craigie High School began work on our CANI Coaching programme in June. The continuation of this programme is underway and one of the next stages we want to complete is creation of an overall Pupil Leadership Strategy for the whole school. One of the basic principles of the programme is to have pupil and parent input to create and inform the long-term plans and ensure that Craigie's strategy meets the needs of our parents and pupils.

We have an event on **05/11/2021 12:30pm to 3:30pm** for parents to be involved in the creation of this strategy and we have limited places available. Light refreshments will be provided. Please email me on phodge357@dundeeschools.scot to book a place.

I look forward to hearing from you.

Mr Hodge
