# TESTIMONIAL

*“Janine checks the “exceptional” box on every level. Exceptional at engaging and reading the audience while delivering **relevant, action items** that can be applied in all aspects of life from business to personal to family – which is so important these days.*

*She’s **funny** and **topical** but best of all she kept it moving with **no “dead spots”** during her time on stage and we all know dead spots can make or break a speaker with an audience especially in today’s attention challenged world.*

*If you’re looking to have an **absolute rockstar speaker** on your stage, I would recommend you consider booking Janine for you’ll be glad you did. Plus, her voice when performing the National Anthem (which I recommend you have her sing at the end of her talk) will bring chills to your skin and tears to your audience’s eyes.*

***She is truly exceptional.”** - Coldwell Banker CO*
