

Great Girls are a network of amazing women of all ages and from all walks of life who connect with each other on a deeper level.

Why Great Girls Network?

So much change is occurring in our world that we are frightened for our children, we are wondering if we can trust our leaders and we are changing the way we view ourselves as women and as citizens. In the midst of the chaos, you can find comfort and reassurance with intelligent women who are experiencing the same issues and presented with the same challenges.

Find your inner voice:

At the Great Girls Network we connect and build meaningful relationships that:

- enable women to come together in an encouraging and authentic way to lift up and inspire one another
- create a network of women helping women succeed
- encourage women to move beyond their comfort zones and toward more of what they want
- are a catalyst for women to create and nurture collaborative relationships
- enable seasoned women to share their gifts and contributions with others
- help us work through pivotal life transitions
- empower us with an inner strength and voice we never had before
- enable us to build strong and nurturing relationships

What will your membership bring?

Your membership helps give us a foundation, the strength to grow and impacts the lives of so many more women!
