

US Eye Better Together Employee Relief Fund

US Eye is proud to announce the creation of the **US Eye Better Together Employee Relief Fund**, a program providing charitable financial support to our employees who have experienced significant loss during Hurricane Ian. The fund will be administered by **E4E Relief**, a 501(c)(3) dedicated to helping organizations aid their employees in a time of need.

MAKE A PLEDGE TODAY

Please consider making a pledge to the relief fund today. No contribution is too small, and your contribution will go directly towards helping our employees recover and rebuild their lives. The first \$50,000 in donations will be matched by US Eye and our Founder and CEO, Dr. Shoemaker, has generously agreed to match an additional \$25,000. The fund's success and ongoing sustainability will rely on employee generosity. Contributions to the fund create an immediate tax deduction and will be used to support US Eye employees in need today—and in the future. To make a pledge, click [here](#).
