20 - 27 MARCH 2021

Curated coliving program for remote workers and nomads that focuses on Mindfulness, Personal Growth and Deeper Connection.

Meet inspiring people and learn about yourself and others in the tropical Madeira island - Europe's top destination for the winter season - now more than ever before!

14 nomads - 1 villa

Back to the tropics!

TO PONTA DO SOL, MADEIRA - THE FIRST EVER NOMAD VILLAGE

We are creating another edition in the sunny side of Madeira - in a spot that's easily accessible from the Funchal airport (44km) and has the most stunning sunsets.

Madeira, especially Ponta do Sol, is gaining popularity amongst nomads as there is a growing community of remoters who will stay there to live, cowork, to attend community events and to explore the stunning nature in this tropical island. Bali-like benefits - in Europe.
