Help Save the California Commission on the Status of Women

In his 2012/2013 Budget Proposal, Governor Jerry Brown announced the elimination of the Commission —the ONLY state agency mandated to advocate for gender equity in state governance.

Join California NOW Foundation, U.S. National Committee for UN Women, American Association of University Women (CA), National Women's History Project and the Women's Foundation of California in support of the Commission's ongoing work.

Gender equity must be the law — implemented as part of every government decision.

Your support will help ensure gender analysis of all legislation; protect gender equity mandates; and promote advocacy on all issues that impact California's 18.7 million women and girls.
