 @transshopuk

Trans Shop UK is a fully trans-owned business running in Bristol since 2019.

With many gender-affirming items coming from overseas, long waiting times and large shipping fees make ordering impossible for many UK trans and gender non-conforming people. Trans Shop UK make it their mission to bring gender-affirming goods to the UK and sell them for a reasonable price. They stock products from abroad and local artists alike and they take great pride in their knowledge and product research.

FEEDBACK

We hope you enjoy PrideCAF 2023. Scan the QR code or go to pridecaf.co.uk to fill out our feedback form!

SPECIAL THANKS

2023 is our third event, bringing **50+ LGBTQIA+** creators from all over the country. We are just two guys who love comics, creativity and the unity that events like this bring out.

However, none of this would be possible without those who have helped us.
