

Anitta - I'd Rather Have Sex Lyrics

We can go right, we can go left
Stay up all night in an argument, nah
I'd rather have sex, yeah
Rather have, yeah, yeah
If we gon' flex, might as well flex
Work that mm, 'til that all make sense

Yeah, I'd rather have sex, yeah
Rather have, yeah, yeah
I'd rather have
Yeah, I'd rather have
Yeah, I'd rather have sex
Wouldn't you? Wouldn't you?
Yeah, I'd rather have sex
Wouldn't you? Wouldn't you?
Yeah

It's warm in this water
Back stroke, do the honors
Make it yours, push it further
Put it right where I wanna
We can fight (we can fight), but I don't wanna
Clothes are boring
Let me take it off for ya (a-la-la)

Come over
Come and touch my body
Every part of me
I wanna feel you on me
Touch me
Apologies are stupid
Beggars can still be choosers
I want it, so let's do this

We can go right, we can go left

Stay up all night in an argument, nah
I'd rather have sex, yeah
Rather have, yeah, yeah
If we gon' flex, might as well flex
Work that mm, 'til that all make sense

Yeah, I'd rather have sex, yeah
Rather have, yeah, yeah
I'd rather have
Yeah, I'd rather have
Yeah, I'd rather have sex
Wouldn't you? Wouldn't you?
Yeah, I'd rather have sex
Wouldn't you? Wouldn't you?
Yeah

Wouldn't you? Wouldn't you?
Wanna jump in the pool?
Take a sip of the cool-aid
Wouldn't you? Wouldn't you?
Instead of wasting your time saying things that you don't mean, yeah
Show me how you love me, yeah
One, two, three, foreplay, yeah
One, two, three, foreplay, yeah

Come over
Come and touch my body
Every part of me
I wanna feel you on me
Touch me
Apologies are stupid
Beggars can still be choosers
I want it, so let's do this

We can go right, we can go left
Stay up all night in an argument, nah
I'd rather have sex, yeah

Rather have, yeah, yeah
If we gon' flex, might as well flex
Work that mm, 'til that all make sense

Yeah, I'd rather have sex, yeah
Rather have, yeah, yeah
I'd rather have
Yeah, I'd rather have
Yeah, I'd rather have sex
Wouldn't you? Wouldn't you?
Yeah, I'd rather have sex
Wouldn't you? Wouldn't you?
Yeah
