City Commission Summer Concert Tour

Years ago, the Plymouth City Commission began the tradition of bringing their meetings to the neighborhoods in the summer months to encourage resident participation. They affectionally named these meetings their summer concert tour. This year's schedule began on June 20 at Lions Club Park. The remaining dates are as follows.

Tuesday, July 5, 2022

Monday, July 18, 2022

Monday, August 1, 2022

Monday, August 15, 2022

Hough Park – Maple & Evergreen

Rotary Park – Herald & Wing Streets

K of C/Firehouse Playground – Spring & N. Holbrook

Kiwanis Park – Auburn & Junction

Unlike the indoor meetings, these meetings will not be accessible on Zoom. In the event of significant rain, the meetings will be moved to Plymouth City Hall, 201 S. Main.

June Police Training

Command Presence First Line Supervision Training

A sergeant attended continuing education training applicable to responsibilities of the sergeant position as a first-line supervisor.

Taser Instructor Recertification

Taser instructors attended training to renew their certification.

Map360 Training

Members of the Western Wayne County Crash Response Team attended training regarding traffic crash sketching/reporting computer software.

Western Wayne County Special Operations Team Training

Team members attended the required regular monthly training sessions involving the many skills needed to successfully intervene during a critical incident situation such as a hostage rescue or barricaded gunman. These skills include: proper planning and response, firearms and equipment proficiency, team movement, surveillance, and much more.

Crisis Negotiation Team Training

A sub-group of WWCSOT, team members attended regular training regarding skills related to the successful conclusion of hostage and barricaded subject situations.

Datamaster Training

Officer attended training regarding state law, policies, procedures, and proper operation of the Datamaster alcohol measurement device.

Western Wayne County Mobile Field Force Team Training

Team members attended regular quarterly training session involving maintenance of skills necessary during civil disturbances. Skills included proper command and control techniques, tactics, communication, and equipment proficiency.

Joint Plymouth City-Township Honor Guard Training

Team members participated in regular monthly training.

Suicide Intervention Training

Officers attended training regarding response to incidents involving potentially suicidal subjects with an emphasis on trauma in schools and among young people.

This little guy is pretending to drive a Michigan State Police vehicle at the Public Safety Open House in front of Plymouth City Hall in June. The event was a huge success for kids of all ages, who got to try out a fire hose, see the aerial truck ladder go all the way up then back down again, and learn about other police and municipal services vehicles.

Adults got a chance to see all the technology in the Plymouth Police cars, including the body worn camera system, as well as information about Wayne County Special Services and a look at their equipment.

RRFB Pedestrian Crossings

The Plymouth City Commission set a one-year goal of improving pedestrian safety, and one strategy of completing that goal is the installation of five Rectangular Rapid Flashing Beacon (RRFB) lights at strategic locations throughout town, including

- Ann Arbor Trail at Evergreen
- Penniman at Evergreen
- Ann Arbor Trail at Forest
- Starkweather at Liberty
- Main Street - mid-block between Penniman and Ann Arbor Trail

Using the correct protocol at these signals is paramount to their safety.

When reaching the crosswalk, pedestrians should wait until traffic clears, then push the button to activate the signal, then cross when it is safe to do so. If the light is flashing, drivers should not stop unless there is **already a pedestrian in the street**. The flashing light is not an automatic signal to stop - it's a signal to be cautious and to be mindful that a pedestrian could be present. Drivers are required to stop whenever a pedestrian is in the street, regardless the presence of a signal. However, stopping for a pedestrian waiting to cross impedes traffic and causes confusion.

"There's always a learning curve when new devices are installed," said Director of Public Safety Al Cox, "but if we follow the protocol from the beginning, it will soon become second nature."

New Water Meters: Three Tasks in One!

In the spirit of efficiency and convenience to residents, the City of Plymouth has contracted with one company, Hydrocorp, to replace all water meters, to implement a residential cross connection control program, and to conduct a water service line material inventory, all in one visit to each residence. HydroCorp has been a partner with the City of Plymouth for over 15 years and is currently administering our commercial cross connection control program.

The new meters have advanced features which allow the Department of Municipal Services to receive notice of any leaks or burst pipes so they can quickly resolve issues. In addition, residents will be able monitor their usage in near real time. "This is an important component," said Department of Municipal Services Director Chris Porman. "If one of your pipes leaks, you'll be able to find out right away, before you lose too much water."

The cross connection control program, which is essentially a periodic inspection and testing of backflow prevention devices, as well as the water service line material inventory are required by The State of Michigan Department of Environment, Great Lakes and Energy (EGLE) as part of the Safe Drinking Water Act.

Anticipate additional information regarding this project to arrive in your mailbox and inbox near the end of 2022. The \$1.7 million project is expected to begin implementation in mid-January of 2023.

Recreation Department Programs

Trivia

Plymouth Recreation will be hosting Trivia Nights at the Plymouth Cultural Center on the first Wednesday of each month, starting on August 3. They will consist of two 45-minute rounds, each including ten questions from various categories and a final question. 1st and 2nd place for each round will receive gift cards to a downtown Plymouth establishment. Teams can be anywhere from 2-6 individuals, and only a team "captain" needs to register. Feel free to bring your own food. Alcohol available for purchase (21+). Registration opens on July 1!

Citizens Academy

A new Citizens Academy will be held on Tuesdays from 6:00 to 7:30 p.m. beginning September 13. Graduation will be at the City Commission meeting on November 7. During the weekly sessions, participants will learn about the responsibilities of City departments and the services they provide to the community. Presentations and "behind-the-scenes" facility tours will give participants a better understanding of the role local government plays in the quality of life that residents of Plymouth enjoy. Each session is held at a City facility, giving participants a true sense of what it's like to work in local government. Registration opens August 1!

PCC Accessible Restroom Phase I Complete

Phase one of the Plymouth Cultural Center restroom remodel is complete, pending a final inspection. As soon as the restrooms are open, in the next day or so, construction will begin on phase two, near the ice arena.

In contrast to the old restrooms (left), the new ones are ADA compliant and have automatic faucets,

toilets and soap dispensers. They even have touch-free door sensors.

"Bringing this facility into ADA compliance has been a long time coming," said Recreation Director Steve Anderson, "And we couldn't be happier to see it come to fruition."

News in Brief

Over 12,100 pounds of paper was collected for recycling at our June shred day event. Each ton (2000 pounds) of recycled paper can save 17 trees, 380 gallons of oil, three cubic yards of landfill space, 4000 kilowatts of energy, and 7000 gallons of water. This represents a 64% energy savings, a 58% water savings, and 60 pounds less of air pollution.

In addition, we collected 14 pallets worth of electronics. Everything from TVs, computers, cellphones, vacuum cleaners, VCRs, and microwaves. That translates into 8,755 pounds of electronics that were not sent to the landfill.

In an effort to help control future water rate increases and reduce potential instances of lower water pressure, the City of Plymouth is implementing voluntary water use restrictions this summer. If you choose to water your lawn, please do so between the hours of 10 p.m. and 5 a.m. If there is a delay feature on your dishwasher or washing machine, please also set the timers to operate during non-peak times. The Great Lakes Water Authority uses peak-time usage when determining a community's water rates, so following these guidelines will help keep our water bills down.

Art in the Park 2022

There is so much to see and do during the summer months in Plymouth. One of our iconic events is Art in the Park, which will take place from July 8-10.

Art in the Park is the second largest art fair in Michigan, and is expected to bring 300,000 people to browse the work of approximately 400 artists from all over the country.

Booths will stretch across Main St. from Church to Wing, Ann Arbor Trail from Deer to Harvey, Penniman from Union to Harvey and Forest from Ann Arbor Trail to Wing. There will also be booths at Kellogg Park. These streets will be closed beginning Thursday, July 7. Detour routes are Harvey, Union, Wing and Church.

Parking will be in high demand. There will be temporary handicapped spots along Union, and service clubs will be directing parking at the East Central Lot (behind City Hall and the library), and other municipal lots.

For your pet's safety, please leave them home. The event tends to be quite crowded, and dogs make it more difficult for people to maneuver. In addition, the pavement gets very hot and it could burn their pads. When the air temperature is 77, the asphalt temperature is 125, which can cause skin destruction in just 60 seconds.
