December 1, 2020

Dear Students, Families, and Community Members of the Milton-Union Schools:

The district received verification a staff member from Milton-Union Elementary School has tested positive for COVID-19. Because school was not in session over the holiday weekend coupled with symptom onset for the staff member, no additional contact tracing or quarantine were necessary. The district continues to seek and receive advice and assistance from Miami County Public Health in the identification of next steps.

Not only will the district remain committed to safety protocols, but we also strive to maintain the privacy of and confidentiality for students, families, and employees. We hope everyone can remain mindful of safe practices and healthy decisions among our students, staff members, parents, and caregivers both in and outside of school. As always, thank you for your continued support, understanding, and patience.

Respectfully,

A handwritten signature in black ink that reads "Brad Ritchey".

Brad Ritchey, Ph.D.
