

Avenor Nursery
July 6th - 31st

Avenor Summer School

The **official**
language of the
summer school is
English.

Quick Summary

Avenor Summer Expeditions is an educational framework which will open a fascinating learning journey through specific themes of exploration following the **Project-Based Learning** (PBL) approach.

Each themed week is designed to enable learning from a **cross - curricular** perspective and builds opportunities for creating a team project.

The aim of our summer school is to provide a fun educational experience that is constantly updated and redesigned in order to meet children's interests and social changes.

Throughout the duration of the summer school, children will be exposed to real-life experiences and will benefit from learning outside the classroom activities. Through a wide variety of outdoor activities, the summer school programme will help children build confidence and independence, learn through experience and to involve in a healthy recreational adventure.

Nursery: Age Groups

Join our team of explorers:

- 2 - 3s: Young Explorers
- 3 - 4s: Brave Explorers
- 4 - 6s: Wise Explorers

**Registrations
will be open to
non-Avenor
students as well.**

**Feel free to bring
your friends!
You will benefit
from a special
discount.**

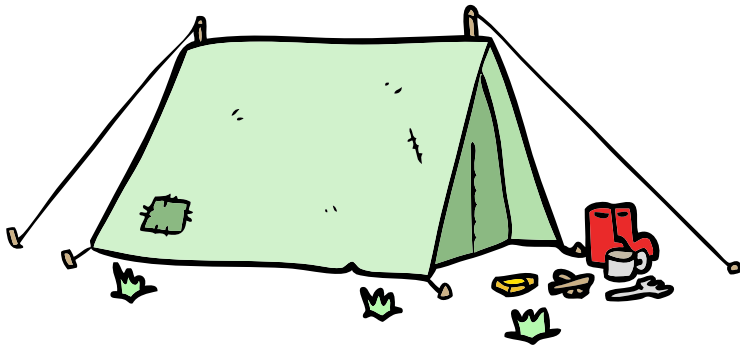

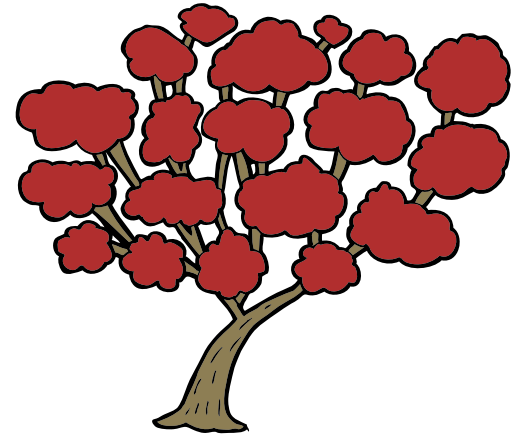

Project Based Learning (PBL) Themes

July 6th - 17th

PBL: Nature is Trendy

How can nature influence fashion? Children attending the Avenor Summer School will be challenged to connect two different worlds: nature and fashion. They will find out how nature can inspire to create different outfits and accessories by learning about types of clothes and their production, famous designers, and specific patterns inspired from nature.

July 20th - 31st

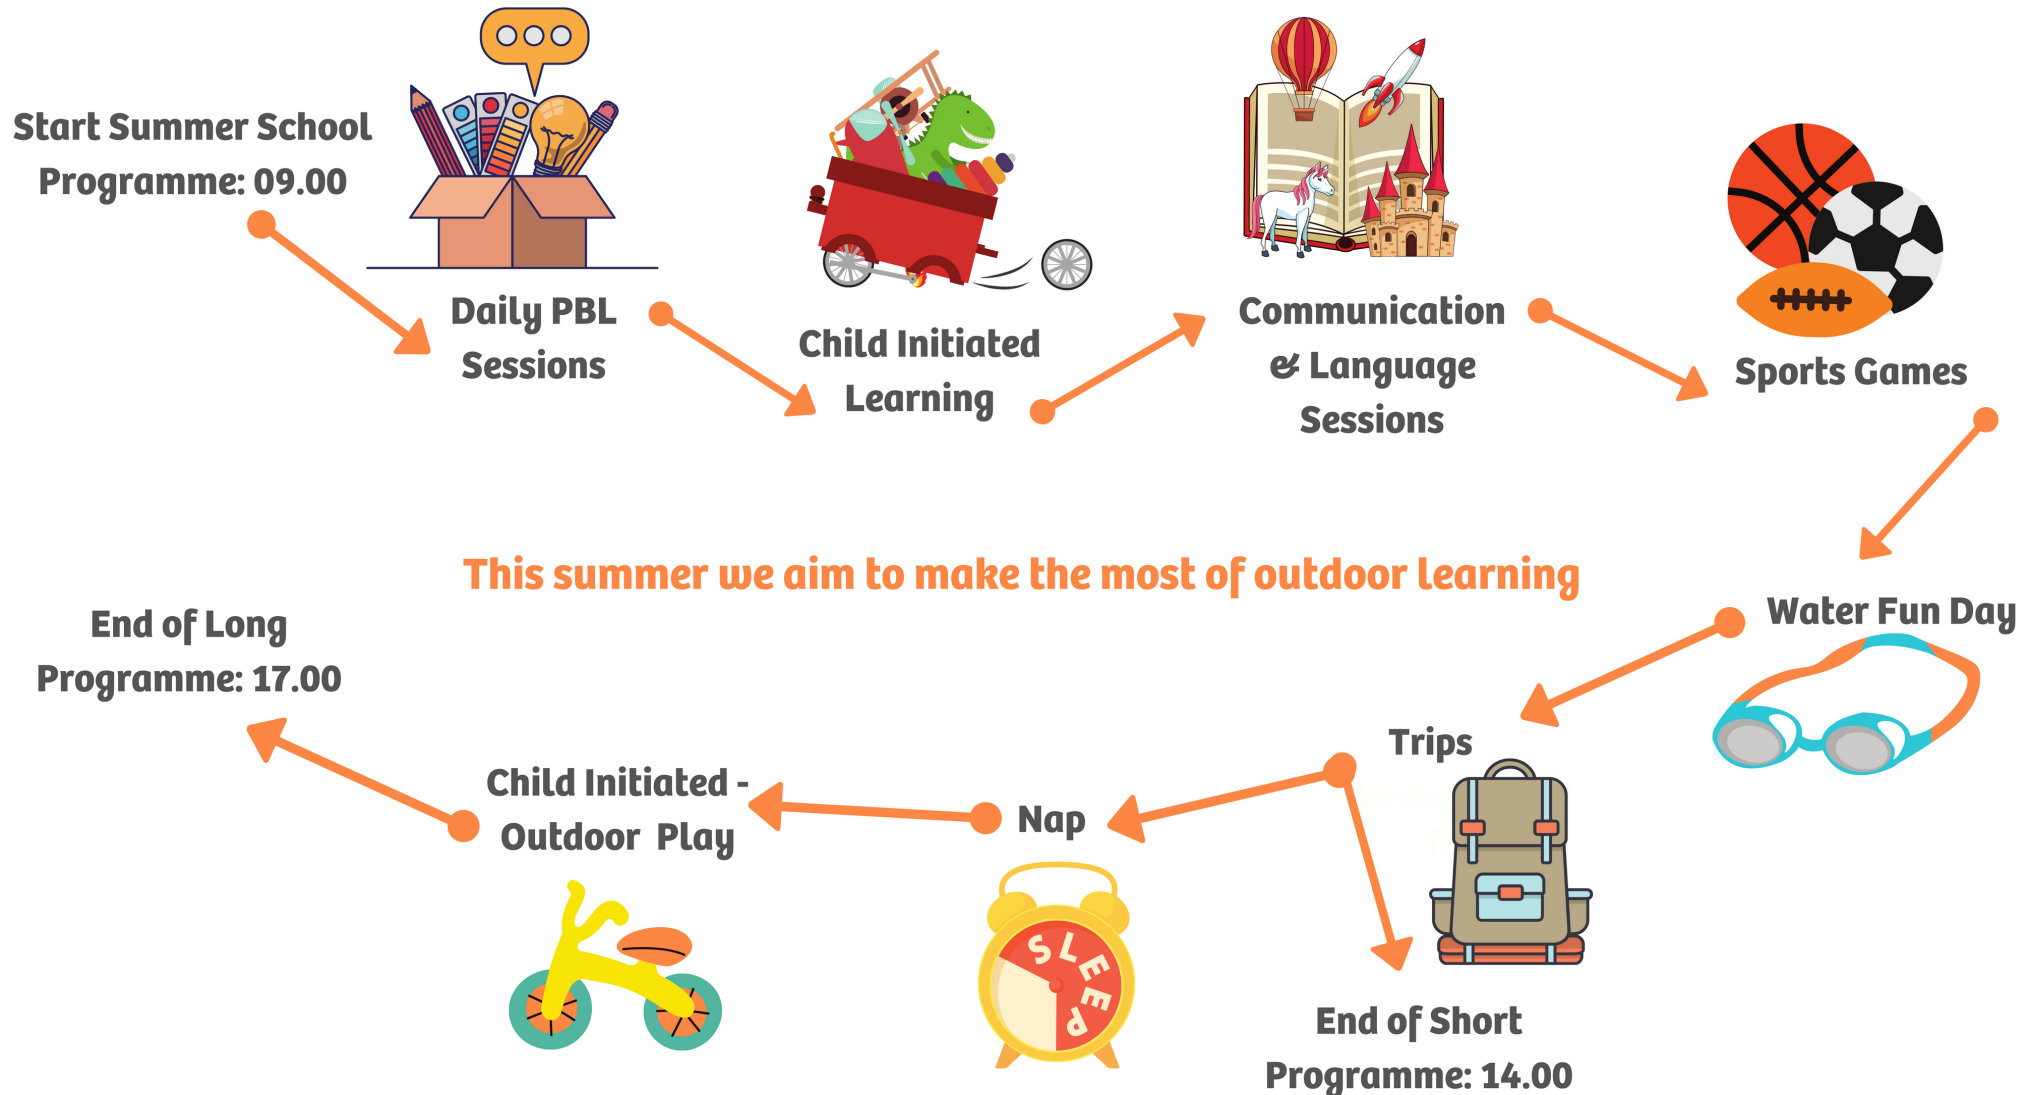

PBL: Survival: Tips and Tricks

Spending time in nature is one of the most loved activities by all children. But when it comes to enjoying the outdoor time in a safe way, some tips and tricks are always welcome. This theme will help children to understand difficult situations that might occur in relation to wild animals, bad weather and how to keep us safe by learning the following basic survival skills: mind-set, how to find water and food, building a shelter or a campfire.

Types of Programmes

09.00 - 12.00: Induction Programme / **09.00 - 14.00:** Short Programme / **09.00 - 17.00:** Long Programme
