The Southern Ohio Forest Rally is the fourth race of the Rally America National Championship.

Rally in Southern Ohio has a rich history, which included 17 events from 1973 to 1996. 2017 was the first year back and did not disappoint by being one of the largest rallies in the United States.

*"The roads in the Ohio forest, dating back to the 1980s, were some of the best in America. Smooth and twisty, they were awesome for a driver!" – John Buffum 11-time American national stage rally champion, winner of five stage rallies in Ohio in the 1970s and 1980s*

*"It's the #1 rally of the year!" – William Marenich*

*"Only complaint I had was, that it was over" – Ben Newburn*

*"It's one of the best rally event's I've been to in years! Great organization, great roads." – William Petrow*

***Rally is real cars, on real roads, real fast.***

## PARKING RULES

Spectators are required to **only park on one side of the road. We must leave one side of the road open at all times so ambulances, fire trucks, and police can respond in an emergency.** Please obey the no parking signs so we have a safe event. Find an SOFR Volunteer for help.

Parking can fill up, arrive early. **Do not to park on the highways.** To ease exit you will be asked to park facing the exit of the road.

**A rally event functions like a roving caravan of cars moving from one predetermined stop to another over an extremely large area.** It's a delicately orchestrated plan made possible by dedicated and talented event organizers providing schedules and instructions.

**During the event anything can cause a schedule delay.** As you are viewing the rally be prepared in giving organizers a level of flexibility to solve problems that arise and ensure your viewing experience is unimpeded.
